

Acknowledgement of Grant received

Project Proposed :	Parents Pickling Workshop
Location :	Tibetan Homes Foundation
Grant Supported:	₹ 74,000.00
Supporting Association :	"RAINBOW OF MAGNOLIA, Fountains of Life, Seattle, USA"

This is to acknowledge that we get the approval for the fund of ₹ 74,000.00 (Seventy four thousand rupees) from "RAINBOW OF MAGNOLIA, Fountains of Life, Seattle, USA" towards the actualization of a short term workshop to our home parents.

Our home parents play a vital role in the pastoral care of our children while they live with us in different homes. We were able to provide two short term trainings to our parents in the mid of year 2017 focusing on the skill development of parents while they nurture children in their respective homes. The feedback received from parents calls for another workshop this year too. The preservation and fermentation of the foods without compromising on the nutritional values of food is a call for this year.

All the home parents of three schools of Tibetan Homes Foundation will benefit from the project implementation. Thank you to alumni Tenzin Chodak la based in Seattle for referring and connecting our alma mater with the foundation. Our gratitude to the Rainbow Foundation for supporting assisting us to provide this short term workshop to our home parents.

I would like to express gratitude on behalf of our family of Tibetan Homes Foundation for the grant support towards the project continuation.

Be kind whenever possible. It is always possible.
