This is to acknowledge that we received ₹ 46,200.00 (Rupees Forty six thousand two hundred only) from Objectif Tibet, France for the financial assistance from their donation helping us to provide our small children at the montessorie section with a facility of smart learning television.

The project was to install a smart learning television in montessorie section where our small children of Kindergarten were at their initial life stage of learning. The television serves a mode of joyful learning. We are thankful to Objectif Tibet, France for the support from the collected donations to provide this needed facility to our children.

I would like to express gratitude on behalf of our family of Tibetan Homes Foundation for the support and continuous commitment for the noble cause of Objectif Tibet, France.

This accomplishment would not have been possible without the support rendered.

Be kind whenever possible. It is always possible.
