Project Proposed :	Radio Visio Graphy for Dental Clinic
Location :	Tibetan Homes Foundation
Grant Supported:	₹ Rs. 1,78,000
Supporting Association :	MOST - Pro Tibet, Czech Republic

This is to acknowledge that we were approved with the grant support of ₹ Rs. 1,78,000 (One lakh seventy eight thousand rupees) from MOST - Pro Tibet, Czech Republic through wire transfer towards the installation and provision of Radio Visio Graphy for our Dental clinic.

The project will help our Dentist to work effectively with the treatment of Root Canal with the new equipment. This will also be a boon to maintain a better record of patient for follow up and case study.

The project implementation is also important as majority of children and staff are undergoing the Root Canal Treatment at present which is done through old technology of x-ray and manual record by the dentist.

We are thankful to the team MOST - Pro Tibet for making this project available in such a short time after joining of new dentist.

I would like to express gratitude on behalf of our family of Tibetan Homes Foundation for the grant support towards the project actualization.

Be kind whenever possible. It is always possible.
