This is to acknowledge that we received ₹ 1,68,995.50 from MOST - Pro Tibet, Czech Republic through wire transfer towards the provision of higher studies support to children under Scholarship program. These children pursue their higher studies from different universities in different courses based their marks scored in grade - XII and their interest.

Our Higher Studies Program is a support system for our children to continue their education after school. A scholarship based their courses were provided to the children to study further to become self reliant and contributing member of our community.

The program was solely supported by SOS - Netherland who phased out from the support program three years back. The discontinuation of the program leads hundreds of children's future at risk. Tibetan Homes Foundation has been reaching our longtime friends and supporters for their support to assist us to run the program continuously.

I would like to express gratitude on behalf of our family of Tibetan Homes Foundation for the fund contribution towards the Higher Studies Program from MOST - Pro Tibet, Czech Republic.
