This is to acknowledge that we received Rs. 8,42,517.00 from AET - France for the implementation of the project "Classroom - Desk and Benches" to replace the existing classroom furniture. The project will cover classes from VI to VIII.

The proposal suggestion for the need came as the present furniture were the ones the student's have been using since 30 plus years. All possible reparations were carried for the last mentioned years due to fund constraint.

I would like to express gratitude on behalf of our family of Tibetan Homes Foundation for the support and continuous commitment for the noble cause of Help Tibetan Children - Aide à l'Enfance Tibétaine, France.

Justification: The implementation of the project will commence earliest after the start of school winter holiday. The project is to cover the senior and primary section also and proposal request was reached to our goodwill supporters also.

This accomplishment would not have been possible without the support rendered.
